

Fine Motor

Finger Puppets

Purpose

To improve independent finger movement.

To improve planning.

To develop ability to take turns.

Activity

Use finger puppets to tell a story or a song.

Make it easier

Use glove puppets.

Use just one finger puppet at a time.

Make it harder

Have a puppet on each index finger.

Observations

- Is the child able to move one finger independently of the others?
- Does the child need to look at the hand holding the puppet?
- Is the child able to wait his turn?
